2019 Richard C. Davis Scholarships

The Delta Sierra Executive Board was pleased to honor two outstanding graduates and one returning recipient who were recognized for their resiliency to overcome personal obstacles to graduate from high school and continue their education.

Through learning, these students have been able to accomplish what they never thought they would be able to do.

We will continue to value our students and support them in all ways possible to ensure each and every student's success through learning.

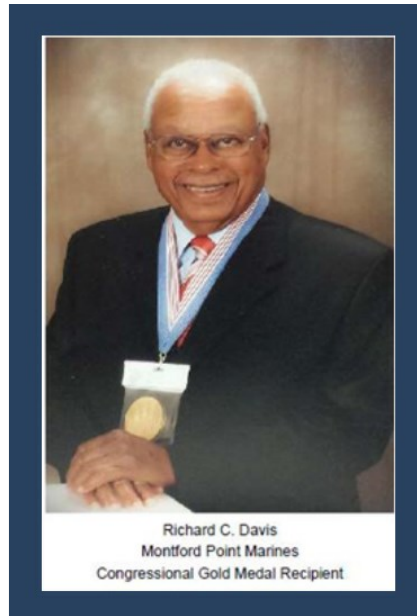

Richard C. Davis Scholarship Program

The Delta Sierra Richard C. Davis's scholarship program is open to all CASCWA Delta Sierra members. Information on the 2020 scholarship program will be posted on the CASCWA website during the 2019-20 school year.

If you work with, or are aware of, a student who overcome adversity and is now on a path to go forward with his/her education, please submit a scholarship application to the Delta Sierra Scholarship Committee for consideration. To access our website, click on the link below:

Richard C. Davis

Scholarships are often named after individuals who have contributed greatly to others and who are recognized as having a truly distinguished careers. Mr. Rich Davis is both! Mr. Davis is a legend in the fields of "Child Welfare and Attendance" and he is one of the true fathers of today's CASCWA.

Before he distinguished himself as a great educator, he was a true "American Hero."

Mr. Davis attended college on the G.I. Bill and eventually took a path into the field of education. His professional career included that of a teacher, school community liaison officer, high school counselor and supervisor of attendance. He contributed to the children of California at the school site level, the district level and at the county level. He has been a leader to CASCWA since 1969 and his work continues today.

In July of 2017, CASCWA leadership had the honor of writing a letter to Mr. Davis honoring him for all the good that he has done thus far in his lifetime. While in route to a tribute by the Gary Sinise Foundation, that letter was given to Rich Davis expressing our gratitude for all his contributions..

The Gary Sinise Foundation recognized Mr. Davis and all of the soldiers who served in the Montford Point Marines during World War 2. They made history and served our country well.

At this moment in time, CASCWA wants all of past, current and future Delta Sierra Scholarship recipients to know that the name on their plaque is the name of a wonderful person who has contributed greatly to America.

A Special Thank You!

The entire CASCWA family wishes to commend the "Delta Sierra Richard C. Davis's Scholarship Committee" for their on-going efforts to advance student to proceed with their educational goals at a higher level.

The Delta Sierra Section has been blessed for the past two years with the outstanding leadership of their President, Lisa Sanchez. Melissa Parrett is now their new president. We are excited and look forward to all of Delta Sierra's future accomplishments.

Finally, the Editors of the Intercom wish to thank Erica Peterson for her contributions to the scholarship program. Erica is best know for her work with "School Innovation and Achievement." CASCWA knows her for her hard work and active involvement. **Thank you, DELTA SIERRA!**
